Profile for Bexhill Locality

This profile provides a snapshot of the health and wellbeing of patients registered in Bexhill. For the first time this profile is presented in the East Sussex Better Together (ESBT) context. It is based on the 2018 JSNAA indicator scorecards where data is available at locality level. The 2018 JSNAA scorecards, and the area summaries for East Sussex CCGs and localities based on them, can be downloaded from www.eastsussexjsna.org.uk.

Bexhill Locality in Hastings & Rother CCG

Map showing Bexhill Locality

How to read this profile

The spine charts summarise how this locality compares to ESBT and those localities within ESBT. A schematic explaining the chart elements is provided at the bottom of each page.

- The spine chart shows the range of values for all localities in ESBT for each indicator. The columns either side of it show the minimum and maximum locality values.
- The two columns immediately to the right of the indicator title show the underlying count and, calculated from this, the value for this locality.
- The value for this locality is plotted as a black bar on the spine chart. For some indicators, for example where the local count is less than 5, data have been suppressed.
- The last two columns give the ESBT value and denote whether this locality has a significantly different value to ESBT.
- Indicators are numbered and (M) at the end of the title denotes that data have been modelled to localities from other geographies. Full titles are given on pages 6-8.

- **ESBT Max**: 1.0

### 4.64 GP reported prevalence of palliative care needs (%), 2016/17
- **Count**: 257
- **Value**: 0.5
- **ESBT Min**: 0.4
- **ESBT Max**: 0.6

### 4.65 Emergency admissions for LRTIs in under 20s (SAR), 2015/16 to 2016/17
- **Count**: 55
- **Value**: 87
- **ESBT Min**: 71
- **ESBT Max**: 109
- **Value**: 100

### 4.66 Emergency admissions for diabetes, epilepsy, asthma in under 20s (SAR), 2015/16 to 2016/17
- **Count**: 82
- **Value**: 117
- **ESBT Min**: 60
- **ESBT Max**: 120
- **Value**: 100

### 4.67 Emergency admissions for chronic ACS conditions (SAR), 2015/16 to 2016/17
- **Count**: 1,023
- **Value**: 103
- **ESBT Min**: 74
- **ESBT Max**: 134
- **Value**: 100

### 4.68 Emergency admissions for acute ACS conditions (SAR), 2015/16 to 2016/17
- **Count**: 893
- **Value**: 91
- **ESBT Min**: 80
- **ESBT Max**: 111
- **Value**: 100

### 4.69 Emerg’y adm’ns for other & vaccine preventable ACS conditions (SAR), 2015/16 to 2016/17
- **Count**: 397
- **Value**: 85
- **ESBT Min**: 76
- **ESBT Max**: 122
- **Value**: 100

### 4.70 First outpatient attendances (SAR), 2016/17
- **Count**: 22,076
- **Value**: 104
- **ESBT Min**: 94
- **ESBT Max**: 106
- **Value**: 100

### 4.71 Outpatient appointments where the patient did not attend (%), 2016/17
- **Count**: 5,920
- **Value**: 7.2
- **ESBT Min**: 6.2
- **ESBT Max**: 9.9
- **Value**: 8.0

### 4.72 A&E (type 1) attendances (SAR), 2016/17
- **Count**: 12,600
- **Value**: 96
- **ESBT Min**: 79
- **ESBT Max**: 111
- **Value**: 100

### 4.73 MIU attendances (per 1,000), 2016/17
- **Count**: 121
- **Value**: 3
- **ESBT Min**: 0.6
- **ESBT Max**: 0.8

### 5.01 Patients responding to the GP Patient Survey (%), 2016/17
- **Count**: 462
- **Value**: 51
- **ESBT Min**: 40
- **ESBT Max**: 56
- **Value**: 46

### 5.02 Patients whose experience of their GP surgery was good (%), 2016/17
- **Count**: 606
- **Value**: 88
- **ESBT Min**: 79
- **ESBT Max**: 95
- **Value**: 87

### 5.03 Patients whose experience of making appointments was good (%), 2016/17
- **Count**: 518
- **Value**: 76
- **ESBT Min**: 69
- **ESBT Max**: 92
- **Value**: 76

### 5.04 Patients satisfied with GP surgery’s opening hours (%), 2016/17
- **Count**: 529
- **Value**: 76
- **ESBT Min**: 75
- **ESBT Max**: 84
- **Value**: 79

### 5.05 Patients who said the GP was good at involving them in decisions on care (%), 2016/17
- **Count**: 530
- **Value**: 77
- **ESBT Min**: 68
- **ESBT Max**: 83
- **Value**: 75

### 6.01 People providing one hour or more of unpaid care per week (%), 2011 (M)
- **Count**: 5,774
- **Value**: 12.7
- **ESBT Min**: 12.7
- **ESBT Max**: 11.4

### 6.02 Unpaid carers providing 20 hours or more care per week (%), 2011 (M)
- **Count**: 2,184
- **Value**: 38
- **ESBT Min**: 29
- **ESBT Max**: 39
- **Value**: 36

### 6.03 Working age people claiming Carers Allowance, %, Feb 2017 (M)
- **Count**: 475
- **Value**: 2.0
- **ESBT Min**: 1.3
- **ESBT Max**: 2.1
- **Value**: 1.8

### 6.04 Carers known to adult social care (per 1,000 population) 2016/17 (M)
- **Count**: 946
- **Value**: 24
- **ESBT Min**: 17
- **ESBT Max**: 24
- **Value**: 20

### 6.05 Carers (known to adult social care) receiving a service (%), 2016/17 (M)
- **Count**: 895
- **Value**: 95
- **ESBT Min**: 90
- **ESBT Max**: 95
- **Value**: 93

### 6.06 Carers receiving self-directed support (per 1,000 aged 18+), 2016/17 (M)
- **Count**: 376
- **Value**: 10
- **ESBT Min**: 6
- **ESBT Max**: 10
- **Value**: 8

### 6.07 Referrals to children’s social care (per 1,000 aged under 18 yrs), Apr 2016 to Mar 2017 (M)
- **Count**: 280
- **Value**: 41
- **ESBT Min**: 25
- **ESBT Max**: 57
- **Value**: 41

### 6.08 Children on a child protection plan (per 1,000 aged under 18 yrs), 31 March 2017 (M)
- **Count**: 45
- **Value**: 6
- **ESBT Min**: 1
- **ESBT Max**: 12
- **Value**: 6

### 6.09 Looked after children (per 1,000 aged under 18 yrs), 31 March 2017 (M)
- **Count**: 52
- **Value**: 6.8
- **ESBT Min**: 4.8
- **ESBT Max**: 7.8
- **Value**: 6.1

### 6.10 Adults receiving direct payments (per 1,000), at 31st July 2017 (M)
- **Count**: 174
- **Value**: 4
- **ESBT Min**: 2
- **ESBT Max**: 5
- **Value**: 4

### 6.11 Adults receiving self-directed support (per 1,000), 31st July 2017 (M)
- **Count**: 556
- **Value**: 14
- **ESBT Min**: 9
- **ESBT Max**: 14
- **Value**: 12

### 6.12 Working age people receiving Long Term Support (per 1,000), 2016/17 (M)
- **Count**: 286
- **Value**: 12
- **ESBT Min**: 6
- **ESBT Max**: 12
- **Value**: 9

### 6.13 People aged 65+ receiving Long Term Support (per 1,000), 2016/17 (M)
- **Count**: 433
- **Value**: 27
- **ESBT Min**: 24
- **ESBT Max**: 35
- **Value**: 30

### 6.14 Learning disabled aged 18-64 in settled accommodation (%), Aug 2016 to July 2017 (M)
- **Count**: 117
- **Value**: 80
- **ESBT Min**: 46
- **ESBT Max**: 84
- **Value**: 74

### 6.15 Adults receiving community equipment (per 1,000), 2016/17 (M)
- **Count**: 675
- **Value**: 17
- **ESBT Min**: 13
- **ESBT Max**: 17
- **Value**: 15

### 6.16 Adults receiving adult social care funded life or telecare (per 1,000), 2016/17 (M)
- **Count**: 905
- **Value**: 23
- **ESBT Min**: 16
- **ESBT Max**: 23
- **Value**: 20

### 6.17 65+ admitted to perm council supported resid or nursing care (per 100K), 2016/17 (M)
- **Count**: 92
- **Value**: 583
- **ESBT Min**: 160
- **ESBT Max**: 743
- **Value**: 539

### 6.18 New ASC clients receiving services, not asking for more ongoing (%), 2016/17 (M)
- **Count**: 166
- **Value**: 99
- **ESBT Min**: 99
- **ESBT Max**: 100
- **Value**: 100
Indicator titles

Population

1.01 GP registered population estimates, all persons, April 2017  1.02 GP registered population estimates, percentage of persons aged 0-19 years, April 2017  1.03 GP registered population estimates, percentage of persons aged 20-64 years, April 2017  1.04 GP registered population estimates, percentage of persons aged 65 years and over, April 2017  1.05 GP registered population estimates, percentage of persons aged 85 years and over, April 2017  1.06 Population projections, all persons, percentage change from 2016 to 2022 (Modelled)  1.07 Population projections, persons aged 0-19 years, percentage change from 2016 to 2022 (Modelled)  1.08 Population projections, persons aged 20-64 years, percentage change from 2016 to 2022 (Modelled)  1.09 Population projections, persons aged 65 years and over, percentage change from 2016 to 2022 (Modelled)  1.10 Population projections, persons aged 85 years and over, percentage change from 2016 to 2022 (Modelled)  1.11 Dependency ratio of non-working age people (aged under 16 years and aged 65 years and over) to people of working age (16-64 years), April 2017  1.12 Percentage of households occupied by an older person (aged 65 years or over) living alone, 2011 (Modelled)  1.13 Percentage of lone parent households, 2011 (Modelled)  1.14 Percentage of persons of any ethnicity other than White British or Northern Irish, 2011 (Modelled)  1.15 Percentage of pupils from ethnic groups other than White British, 2017 (Modelled)  1.16 Pupils with English as an additional language, rate per 1,000 pupils, resident-based, January 2017 (Modelled)  1.17 Percentage of people of any religion other than Christianity, 2011 (Modelled)  1.18 Live births per 1,000 women aged 15-44 years (residence-based), 2014 to 2016  1.19 Live births per 1,000 women aged 15-19 years (residence-based), 2014 to 2016  1.20 Live births per 1,000 women aged 35-44 years (residence-based), 2014 to 2016

Wider determinants of health and wellbeing

2.01 Index of Multiple Deprivation (IMD) score, from the Indices of Deprivation 2015 (ID 2015) (Modelled)  2.02 Income Deprivation Domain score represented as a percentage, from the ID 2015 (Modelled)  2.03 Income Deprivation Affecting Children Index (IDACI) represented as a percentage, from the ID 2015 (Modelled)  2.04 Percentage of children aged under 16 years living in low-income families, as at 31st August 2014 (Modelled)  2.05 Income Deprivation Affecting Older People Index (IDAOFI) represented as a percentage, from the ID 2015 (Modelled)  2.06 Percentage of households in fuel poverty, 2015 (Modelled)  2.07 Percentage of pupils receiving the pupil premium, resident-based, January 2017 (Modelled)  2.08 Percentage of households with dependent children that have no adults in employment, 2011 (Modelled)  2.09 Employment Deprivation Domain score represented as a percentage, from the ID 2015 (Modelled)  2.10 Percentage of working age people claiming Job Seekers Allowance (JSA) and Universal Credit (UC), August 2017 (Modelled)  2.11 Percentage of working age people claiming Employment and Support Allowance (ESA), February 2017 (Modelled)  2.12 Percentage of households that have no cars or vans, 2011 (Modelled)  2.13 Percentage of households that can access a GP practice within 15 minutes using public transport/walking, 2014 (Modelled)  2.14 Education, Skills and Training Deprivation Domain score, from the ID 2015 (Modelled)  2.15 Percentage of pupils having reached a good level of development in the Early Years Foundation Stage (end of reception year for pupils aged 5), resident-based, June 2017 (Modelled)  2.16 Percentage of pupils achieving the expected standard at Key Stage 2 (end of year 6 for pupils aged 11) in Reading, Writing and Maths, resident based, June 2017 (Modelled)  2.17 The average GCSE Attainment 8 score of pupils at Key Stage 4 (end of year 11 for pupils aged 16), resident-based, June 2017 (Modelled)  2.18 Percentage of the working age population with no or low qualifications, 2011 (Modelled)  2.19 Pupils with special educational needs (SEN) on SEN Support, rate per 1,000 pupils, resident-based, January 2017 (Modelled)  2.20 Pupils with a statement of special educational needs (SEN) or an Education, Health and Care Plan (EHCP), rate per 1,000 pupils, resident-based, January 2017 (Modelled)  2.21 Young people aged 16 to 18 years who are not in education, employment or training (NEET), monthly average rate per 1,000, November 2016 to January 2017 (Modelled)  2.22 Barriers to Housing and Services Domain score, from the ID 2015 (Modelled)  2.23 Living Environment Deprivation Domain score, from the ID 2015 (Modelled)  2.24 Percentage of households that are overcrowded, 2011 (Modelled)  2.25 Percentage of households with no central heating, 2011 (Modelled)  2.26 Percentage of households which are owned outright or owned with a mortgage or loan, 2011 (Modelled)  2.27 Percentage of socially rented households, 2011 (Modelled)  2.28 Percentage of privately rented households, 2011 (Modelled)  2.29 Percentage of persons living in care homes with nursing, 2011 (Modelled)  2.30 Percentage of persons living in care homes without nursing, 2011 (Modelled)  2.31 Crime Domain score, from the ID 2015 (Modelled)  2.32 Total number of recorded incidents of Anti-Social Behaviour per 1,000 population, 2016/17 (Modelled)  2.33 Number of recorded incidents of Anti-Social Behaviour per 1,000 population, 2016/17 (Modelled)  2.34 A&E attendances between 8pm and 4am by people aged 15-59 years due to assaults, rate per 1,000 population, 2014/15 to 2016/17  2.35 Percentage of reception year pupils (aged 4-5 years) measured who were classified as overweight (including obese), 2013/14 to 2015/16 academic years (Modelled)  2.36 Emergency hospital admissions due to violence, age and sex standardised ratio, 2014/15 to 2016/17 (ESBT = 100)

Healthy lifestyles

3.01 Percentage of babies of low birth weight (under 2,500 grams) (residence-based), 2014 to 2016  3.02 Percentage of mothers (of known breastfeeding status) initiating breastfeeding, 2016/17  3.03 Percentage of babies aged 6-8 weeks (of known breastfeeding status) that were fully or partially breastfed, 2016/17 (Modelled)  3.04 Percentage of reception year children (aged 4-5 years) measured who were classified as overweight (including obese), 2013/14 to 2015/16 academic years (Modelled)  3.05 Percentage of reception year children (aged 4-5 years) measured who were classified as overweight (including obese), 2013/14 to 2015/16 academic years (Modelled)  3.06 Percentage of year 6 children (aged 10-11 years) measured who were classified as overweight (including obese), 2013/14 to 2015/16 academic years (Modelled)  3.07 GP reported prevalence of obesity, percentage of patients aged 18 years and over, 2016/17  3.09 GP reported prevalence of smoking, percentage of patients aged 15 years
and over, as at 31st March 2017 3.10 Smoking quitters (through NHS Stop Smoking Services) per 100,000 population aged 16 years and over, 2016/17 (Modelled) 3.11 Percentage of mothers known to be smokers at the time of delivery, 2016/17 3.13 Young people aged 0-18 years in drug or alcohol treatment, rate per 10,000 population, 1st September 2016 - 31st August 2017 (Modelled) 3.14 Adults aged 19 and over in alcohol treatment, rate per 10,000, 1st April 2016 - 31st March 2017 (Modelled) 3.17 Adults aged 19 and over in drug treatment, rate per 10,000, 1st April 2016 - 31st March 2017 (Modelled) 3.18 Percentage of eligible population aged 40-74 who received an NHS Health Check, April 2013 to March 2017 3.19 Percentage of eligible women who have been screened through the NHS cervical cancer screening programme within the last 3.5 years for those aged 25-49, or the last 5 years for those aged 50-64, as at 31st March 2016 3.20 Percentage of eligible women aged 50-70 years who have been screened through the NHS breast cancer screening programme at least once in the last 3 years, as at 31st March 2016 3.21 Percentage of eligible people aged 60-69 who have been screened through the NHS bowel cancer screening programme in the last 2.5 years, as at 31st March 2016 3.22 Percentage of children who have been immunised for Diphtheria, Tetanus, Polio, Pertussis and Haemophilus influenzae type b (DTaP/IPV/Hib) by age 1, 2016/17 3.23 Percentage of children who have been immunised for pneumococcal infection (PCV) by age 2, 2016/17 3.24 Percentage of children who have been immunised for Haemophilus influenzae type b and meningitis C, (Hib/MenC) by age 2, 2016/17 3.25 Percentage of children who have been immunised for measles, mumps and rubella (MMR) by age 2, 2016/17 3.26 Percentage of children who have been immunised for Diphtheria, tetanus, pertussis and polio (DTaP/IPV) by age 5, 2016/17 3.27 Percentage of children who have been immunised for measles, mumps and rubella (MMR) by age 5, 2016/17 3.28 Percentage of persons aged 65 years and over receiving seasonal flu vaccination, September 2016 to January 2017 3.29 Percentage of persons aged 65 years and over who have ever received a pneumococcal vaccination (PPV), as at 31st March 2017 3.34 MIU and A&E attendances due to accidents and injuries, persons aged 0-4 years, rate per 10,000 population, 2016/17 3.35 Emergency hospital admissions due to accidents and injuries in children aged 0-4 years, rate per 10,000 population, 2014/15 to 2016/17 3.36 Emergency hospital admissions due to accidents and injuries in children aged 5-14 years, rate per 10,000 population, 2014/15 to 2016/17 3.37 Emergency hospital admissions due to accidents and injuries in young people aged 15-24 years, rate per 10,000 population, 2014/15 to 2016/17 3.38a Emergency hospital admissions due to falls injuries for persons aged 65 years and over, age and sex standardised ratio, 2015/16 to 2016/17 (ESBT = 100) 3.40 Percentage of residents aged 0-17 years accessing East Sussex NHS general dental services, 2016/17 (Modelled) 3.41 Percentage of residents aged 18-64 years accessing East Sussex NHS general dental services, 2016/17 (Modelled) 3.42 Percentage of residents aged 65 years and over accessing East Sussex NHS general dental services, 2016/17 (Modelled)

Disease and poor health

4.01 Percentage of people reporting that their health is bad or very bad, 2011 (Modelled) 4.02 Percentage of people reporting that they have a limiting long-term health problem or disability, 2011 (Modelled) 4.03 Health and Disability Deprivation Domain score, from the ID 2015 (Modelled) 4.04 Life expectancy (in years) at birth, 2014 to 2016 4.05 Life expectancy (in years) at age 75, 2014 to 2016 4.06 All-age all-cause mortality, age and sex standardised ratio, 2014 to 2016 (East Sussex = 100) 4.06a All-age all-cause mortality, age and sex standardised ratio, 2014 to 2016 (ESBT = 100) 4.07a All-cause mortality for persons aged 0-74 years, age and sex standardised ratio, 2014 to 2016 (ESBT = 100) 4.08a Mortality from causes considered preventable, age and sex standardised ratio, 2014 to 2016 (ESBT = 100) 4.09 Infant mortality (death within 1 year of birth) (residence-based), rate per 1,000 live births, 2014 to 2016 4.10 GP reported incidence of depression, percentage of persons aged 18 years and over, 2016/17 4.11 GP reported prevalence of severe mental illness, percentage of all registered patients, 2016/17 4.12a Emergency hospital admissions due to mental and behavioural disorders, and age and sex standardised ratio, 2015/16 to 2016/17 (ESBT = 100) 4.13a Emergency hospital admissions for persons with severe mental illness, age and sex standardised ratio, 2015/16 to 2016/17 (ESBT = 100) 4.14a Emergency hospital admissions relating to self-harm, age and sex standardised ratio, 2015/16 to 2016/17 (ESBT = 100) 4.15 GP reported prevalence of dementia, percentage of all registered patients, 2016/17 4.17a Elective hospital admissions for persons with dementia aged 30 years and over, age and sex standardised ratio, 2015/16 to 2016/17 (ESBT = 100) 4.18a Emergency hospital admissions for persons aged 30 years and over with dementia, age and sex standardised ratio, 2014/15 to 2015/16 (ESBT = 100) 4.19a Child and Adolescent Mental Health Services (CAMHS) caseload, rate per 1,000 population aged 0-18 years, as at 31st March 2017 4.20 Working age people claiming Employment and Support Allowance due to mental health problems, rate per 1,000 population, February 2017 (Modelled) 4.21a Mortality from suicide and injury of undetermined intent, age and sex standardised ratio, 2013 to 2016 (ESBT = 100) 4.22 GP reported prevalence of hypertension, percentage of all registered patients, 2016/17 4.23 Ratio of GP reported versus expected prevalence of hypertension, 2014/15 4.24 GP reported prevalence of high blood pressure without established cardiovascular disease (CVD), percentage of all registered patients, 2016/17 4.25 GP reported prevalence of coronary heart disease (CHD), percentage of all registered patients, 2016/17 4.26a Emergency hospital admissions due to coronary heart disease (CHD), age and sex standardised ratio, 2015/16 to 2016/17 (ESBT = 100) 4.27 Emergency hospital admissions due to coronary heart disease (CHD), rate per 1,000 patients on a GP CHD register, 2016/17 4.28 GP reported prevalence of stroke or transient ischaemic attacks (TIA), percentage of all registered patients, 2016/17 4.29a Emergency hospital admissions due to stroke, age and sex standardised ratio, 2015/16 to 2016/17 (ESBT = 100) 4.30a Mortality from stroke for all persons, age and sex standardised ratio, 2013 to 2016 (ESBT = 100) 4.31 GP reported prevalence of atrial fibrillation, percentage of all registered patients, 2016/17 4.32 Ratio of GP reported versus expected prevalence of atrial fibrillation, 2013/14 4.33 GP reported prevalence of heart failure, percentage of all registered patients, 2016/17 4.34 GP reported prevalence of peripheral arterial disease (PAD), percentage of all registered patients, 2016/17 4.35a Mortality from all circulatory diseases for persons aged 0-74 years, age and sex standardised ratio, 2013 to 2016 (ESBT = 100) 4.45 GP reported prevalence of cancer, percentage of all registered patients, 2016/17 4.47a Mortality from all cancers for persons aged 0-74 years, age and sex standardised ratio, 2013 to 2016 (ESBT = 100) 4.48 GP reported prevalence of asthma, percentage of all registered patients, 2016/17 4.49a Emergency hospital admissions due to asthma, age and sex standardised ratio, 2015/16 to 2016/17
(ESBT = 100) 4.50 Emergency hospital admissions due to asthma, rate per 1,000 patients on a GP asthma register, 2016/17 4.51 GP reported prevalence of chronic obstructive pulmonary disease (COPD), percentage of all registered patients, 2016/17 4.52a Emergency hospital admissions due to chronic obstructive pulmonary disease (COPD), age and sex standardised ratio, 2015/16 to 2016/17 (ESBT = 100) 4.53 Emergency hospital admissions due to chronic obstructive pulmonary disease (COPD), rate per 1,000 patients on a GP COPD register, 2016/17 4.54a Mortality from chronic obstructive pulmonary disease (COPD) for all persons, age and sex standardised ratio, 2013 to 2016 (ESBT = 100) 4.55a Mortality from respiratory diseases for persons aged 0-74 years, age and sex standardised ratio, 2013 to 2016 (ESBT = 100) 4.56 GP reported prevalence of diabetes, percentage of patients aged 17 years and over, 2016/17 4.57a Emergency hospital admissions due to diabetes, age and sex standardised ratio, 2015/16 to 2016/17 (ESBT = 100) 4.58 Emergency hospital admissions due to diabetes for persons aged 15 years and over, rate per 1,000 patients aged 17 and over on a GP diabetes register, 2016/17 4.59 GP reported prevalence of epilepsy, percentage of patients aged 18 years and over, 2016/17 4.60a Mortality from liver disease for persons aged 0-74 years, age and sex standardised ratio, 2013 to 2016 (ESBT = 100) 4.61 GP reported prevalence of chronic kidney disease (CKD), percentage of patients aged 18 years and over, 2016/17 4.62 GP reported prevalence of osteoporosis, percentage of patients aged 50 years and over, 2016/17 4.63 GP reported prevalence of rheumatoid arthritis, percentage of patients aged 16 years and over, 2016/17 4.64 GP reported prevalence of learning disabilities, percentage of patients aged 18 years and over, 2016/17 4.65 GP reported prevalence of palliative care needs, percentage of all registered patients, 2016/17 4.66a Emergency hospital admissions for lower respiratory tract infections in under 20s, age and sex standardised ratio, 2015/16 to 2016/17 (ESBT = 100) 4.67a Emergency hospital admissions for diabetes, epilepsy or asthma in under 20s, age and sex standardised ratio, 2015/16 to 2016/17 (ESBT = 100) 4.68a Emergency hospital admissions for chronic ambulatory care sensitive conditions, age and sex standardised ratio, 2015/16 to 2016/17 (ESBT = 100) 4.69a Emergency hospital admissions for acute ambulatory care sensitive conditions, age and sex standardised ratio, 2015/16 to 2016/17 (ESBT = 100) 4.70a Emergency hospital admissions for other and vaccine preventable ambulatory care sensitive conditions, age and sex standardised ratio, 2015/16 to 2016/17 (ESBT = 100) 4.71a First outpatient attendances, age and sex standardised ratio, 2016/17 (ESBT = 100) 4.72 Percentage of outpatient appointments where the patient did not attend (DNA), 2016/17 4.73a A&E (type 1) attendances, ages and sex standardised ratio, 2016/17 (ESBT = 100) 4.74 Minor Injury Unit (MIU) attendances, rate per 1,000, 2016/17 4.75 A&E (type 1) attendances for persons aged 0-4 years, rate per 1,000 population, 2016/17 4.76 A&E (type 1) attendances for persons aged 15-29 years, rate per 1,000 population, 2016/17 4.77 A&E (type 1) attendances for persons aged 70 years and over, rate per 1,000 population, 2016/17 4.78a All elective hospital admissions, age and sex standardised ratio, 2015/16 to 2016/17 (ESBT = 100) 4.79 Elective hospital admissions for persons aged 65 years and over, rate per 1,000 population, 2015/16 to 2016/17 4.80a All emergency hospital admissions, age and sex standardised ratio, 2015/16 to 2016/17 (ESBT = 100) 4.81 Emergency hospital admissions for persons aged 70-84 years, rate per 1,000 population, 2015/16 to 2016/17 4.82 Emergency hospital admissions for persons aged 85 years and over, rate per 1,000 population, 2015/16 to 2016/17

**GP patient survey**

5.01 Percentage of patients who responded to the GP Patient Survey, 2016/17 5.02 Percentage of patients whose (overall) experience of their GP surgery was fairly or very good, 2016/17 5.03 Percentage of patients whose (overall) experience of making an appointment was fairly or very good, 2016/17 5.04 Percentage of patients satisfied with their GP surgery’s opening hours, 2016/17 5.05 Percentage of patients who said that their GP was good or very good at involving them in decisions about their care, 2016/17 5.06 Percentage of patients who said that their nurse was good or very good at involving them in decisions about their care, 2016/17

**Social care**

6.01 Percentage of people providing one hour or more of unpaid care per week, 2011 (Modelled) 6.02 Percentage of unpaid carers providing 20 hours or more care per week, 2011 (Modelled) 6.03 Percentage of working age people claiming Carers Allowance, February 2017 (Modelled) 6.04 Carers (known to adult social care), rate per 1,000 population, 1st April 2016 to 31st March 2017 (Modelled) 6.05 Carers who received self-directed support (through direct payments), rate per 1,000 population aged 18 years and over, 1st April 2016 to 31st March 2017 (Modelled) 6.06 Carers who receive self-directed support (through direct payments), rate per 1,000 population aged 18 years and over, 1st April 2016 to 31st March 2017 (Modelled) 6.07 Referrals to children’s social care, rate per 1,000 population aged under 18 years, April 2016 - March 2017 (Modelled) 6.08 Children on a child protection plan, rate per 1,000 population aged under 18 years, 31st March 2017 (Modelled) 6.09 Looked after children (LAC), rate per 1,000 population aged under 18 years, 31st March 2017 (Modelled) 6.10 Adults who receive direct payments, rate per 1,000 population aged 18 years and over, as at 31st July 2017 (Modelled) 6.11 Adults who receive self-directed support, rate per 1,000 population aged 18 years and over, as at 31st July 2017 (Modelled) 6.12 Persons aged 18-64 years receiving community based services (Long Term Support), rate per 1,000 population, 1st April 2016 to 31st March 2017 (Modelled) 6.13 Persons aged 65 years and over receiving community based services (Long Term Support), rate per 1,000 population, 1st April 2016 to 31st March 2017 (Modelled) 6.14 Percentage of persons aged 18-64 years with learning disabilities (known to adult social care) who are in settled accommodation, 1st August 2016 to 31st July 2017 6.15 Persons aged 18 years and over who have received community equipment in the year, rate per 1,000 population, 1st April 2016 to 31st March 2017 (Modelled) 6.16 Persons aged 18 years and over currently receiving adult social care funded lifeline or telecare, rate per 1,000 population, 1st April 2016 to 31st March 2017 (Modelled) 6.17 Persons aged 65 years and over admitted to permanent council supported residential or nursing care in the year, rate per 100,000 population, 1st April 2016 to 31st March 2017 (Modelled) 6.18 Percentage of new adult social care clients who received short-term services during the year, where no further request was made for ongoing support, 1st April 2016 to 31st March 2017 (Modelled)
